The MSSU Bookstore in Billingsly Student Center will be open from 9 A.M. - 1 P.M. for your convenience and a Spirit Store is available near the main entrance of Leggett & Platt Athletic Center.

KGCS and the student broadcast group, the National Broadcasting Society, will produce DVD copies of today's ceremony. Order forms are available on the program tables located at the entrances.

While every effort is made to ensure accuracy in this program, graduation filing deadlines, printing deadlines and degree audit adjustments can prevent inclusion of graduates' names or may result in publishing names of individuals not completing degree requirements. This program, therefore, should not be used to determine a student's official academic or degree status.

KEYNOTE SPEAKER GREG AREND

Greg Arend, managing partner of the Deloitte Oklahoma practice in Tulsa and Oklahoma City, graduated magna cum laude in 1982 from Missouri Southern State University with a B.S. in Accounting.

Deloitte is a global network of business consulting firms that provide audit, financial advisory, risk management, tax and related services to clients. As managing partner, Arend represents all Deloitte services and industries to Oklahoma clients, serves as the interface with state public accountancy regulators and chambers of commerce, business development, and advising and collaborating with senior client executives on significant business issues.

He is also a national advisory partner, serving “Emerging Growth” to Fortune 300 companies by providing strategic business consulting, as well as

financial, operational, regulatory, and technology risk consulting and solutions.

From 2004 to 2013, Arend was one of the select few partners within Deloitte who relocated to Washington, D.C., to help develop the firm’s federal practice and consultancy.

His volunteer efforts are focused within the state of Oklahoma. He has a special focus on diversity and inclusion. He was named a 2015 Man of Distinction by Tulsa Business and Legal News, was recognized as part of the American Heroes at Work Initiative and was named a 2012 Outstanding Leader from the federal Audit and Enterprise Risk Services.

Arend, who grew up in Monett, married his wife Linda during his senior year at Missouri Southern. The two are the parents of a grown daughter, Lacey.

As provided by the Institute of International Studies.

Students who received MSSU academic credit for studying abroad through an MSSU-sponsored or recognized program are wearing a sash today representing the country or countries where they studied. Since 1995, MSSU has sent more than 3,100 students abroad to reflect its statewide mission in global education.

ALMA MATER

Words by Mary Laird,
Class of '39

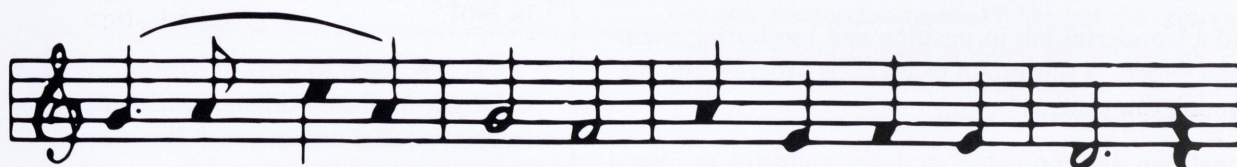

Music by Emerson Jackson,
Class of '39

Our Al - ma Ma - ter, we ho - nor thee,

shap - ing and guid - ing our de - sti - ny.

Af - ter we have part - ed as the years roll by;

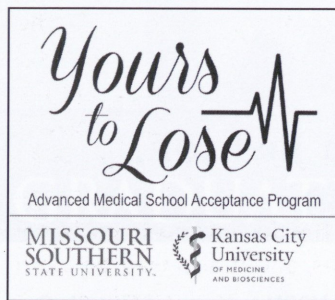

we'll keep each me - mo - ry hail, hail to thee.

Missouri Southern State University's "Alma Mater" was drafted during the Joplin Junior College second year by a group that included Mary Laird, Joan Epperson, Enos Currey, Ellen Beasley and Emerson Jackson. Laird was principally responsible for the lyrics while Jackson set it to music. It was first sung during a Class-Day program in 1939.

POINTS OF PRIDE

Twenty-six incoming freshmen from across the midwest have been accepted into the **Yours to Lose – Advanced Medical School Acceptance Program**, which will launch its first class at the start of the Fall 2017 semester.

An exclusive partnership with the Kansas City University of Medicine and Biosciences, the program allows a cohort of Missouri Southern students to be admitted to KCU's new Joplin medical school at the same time they are accepted to MSSU. As pre-med students, they will obtain their bachelor's degree in biology during an accelerated, three-year course of study before seamlessly transitioning into their first year of medical school. The program will not require them to take the Medical College Admission Test (MCAT).

The **Missouri Southern Trumpet Ensemble** was selected as one of 16 from around the nation to participate in the 2017 National Trumpet Competition, held March 23-25 in Denver, Colo.

Trumpet professor Freddie Green says the eight students – including Jemetrius Brown, Tyler Jones, William Roach, Oliver Smith, Austin Kinard, Tony Sfortunato, Jalen Ybarra and Valentin Vizcaino – were extremely dedicated to performing at an elite level.

"They did a wonderful job in pushing and motivating themselves," said Green. "I was proud to see their progress and maturity through this process."

The competition also provided students a chance to attend master classes and clinics, attend concerts by international artists and visit with representatives from potential graduate schools.

Dr. Elke Howe, professor and department head of Engineering Technology at Missouri Southern, was the 2017 recipient of the Missouri Governor's Award for Excellence in Education.

She moved to Fort Scott, Kan., from Germany in 1989, originally planning only to stay about one year. Ultimately, she earned a bachelor's and graduate degrees and joined the MSSU faculty in 2001.

"I feel privileged to work at Missouri Southern and to be able to make a difference in students' lives as a teacher, advisor and mentor," Howe said.

She was honored at a ceremony in Jefferson City on April 5.

Tori Page, a senior chemistry/math major from Joplin, received the Leader of the Year Award during the 26th annual Glenn D. Dolence Leadership/Service

Recognition Assembly.

Twenty-five graduating seniors were honored during the ceremony. Student Services and Omicron Delta Kappa (ODK) sponsor the awards, which are named for retired MSSU vice president Dr. Glenn Dolence.

During the 2016-17 season, **Missouri Southern Athletics** has produced:

ACADEMIC ATTIRE AND REGALIA CORDS

As early as the 12th century, the first modern universities – at Bologna and Paris – were centers of European learning. The usual garb of the time, for both churchmen and laymen, was a long gown which was necessary for warmth in the unheated buildings of the day. Scholars, generally members of church orders, wore such robes and also hoods to protect their shaven heads. Later, skull caps were worn on the head and the hood became a cape which could be pulled over the head in unpleasant weather. The hood was also sometimes used to collect alms from the more affluent members of the community. As additional universities were founded, distinctive forms of the gown and hood were adopted by their faculties. Variations indicated ranks within the institutions. Strict rules were published and in some cases punishment cited for tailors who departed from the authorized design.

The academic hat was a later development, adapted from the headdress of the ordinary people. Academically, it was originally worn as a symbol of the master's degree, and existed in various forms: some were round, some square and some had a tuft in the center. The flat, square "mortar board" of today originated at Oxford University in England.

Academic costume came to America in 1754 with the founding of King's College, now Columbia University. Styles became quite varied as they were in Europe, but in 1895 a group of American college and university representatives met to establish a uniform system of academic apparel for this country. This led to the establishment in 1902 of an "Intercollegiate Code of Academic Costume." The American Council of Education formed a committee in 1932 to review the 1895 code, which was again reviewed and revised in both 1960 and 1965.

There are today three basic types of gowns and hoods. The bachelor's gown has pointed sleeves and is designed to be worn closed. Recipients of the associate degrees wear gray gowns designed like the bachelor's gown. The master's gown is designed with an oblong sleeve, open at the wrist and with an arc cut away at the front of the sleeve. It may be worn either open or closed. The doctoral gown is of a full design with voluminous sleeves, and it also may be worn open or closed. Unlike the other two, the doctoral gown is faced down the front with velvet and with three velvet bars on the sleeves. These may be black or a color related to the subject of the degree. Thus, arts, letters and humanities may be white, business degrees may be drab or sapphire blue, education uses light blue, fine arts is brown, music is pink and science is golden yellow, to name a few.

The caps are always black, with a black tassel for baccalaureate degrees and a tassel of the color indicated above for master's degrees. Doctoral caps usually have a tassel of metallic gold color.

The hoods worn by master's degree recipients are lined with the official colors of the institution awarding the degree. The binding and edging of the hood is silk or velvet in the color pertaining to the subject area. Doctoral hoods are longer and designed somewhat fuller, but the colors again are those of the institution granting the degree for the lining, and of the subject for the wide edging. There exists a small bachelor's hood, but generally it is not used in this country.

The hoods represented in MSSU ceremonies are a combination of colors from each of the collaborating institutions. Traditional colors and corresponding fields of study are:

Brown: Fine Arts • **Crimson:** Journalism • **Dark Blue:** Philosophy • **Golden Yellow:** Science
Lemon Yellow: Library Science • **Light Blue:** Education • **Pink:** Music
Purple: Law • **Sage Green:** Physical Education • **Scarlet:** Theology • **White:** Arts, Letters, Humanities
